## ABOUT US

Established in 2017, the Wolfeboro Food Co-op was founded to provide Wolfeboro, NH and its neighboring communities with locally sourced, organic, natural foods and products.

We purchase only the purest, freshest, and highest quality foods available. We are committed to supporting our local growers and food producers that practice organic and sustainable agriculture and the humane treatment of animals. Produce, meat, seafood, eggs, dairy, cheeses, bread, maple syrup, jelly, and countless other products are sourced from local farms and vendors across greater New England.

If you are interested to “shop local” we are the best choice in town.
